Our Reference GC450-US-D1

Dear Ms. Wilder:

Thank you for your telephone call on September 8, 2005 alerting us to the discrepancy between the paper copy of the sequence listing and the diskette for the above-referenced patent application, which is to issue in the near future. We have now corrected the diskette so that both paper and electronic copies are in the new format.

Enclosed are copies of the documents sent today to Mail Stop Sequence via overnight Federal Express.

Thank you again for your help. Please contact us if you have any questions or concerns regarding the above.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Carol A. See".
